

Floor Scraping Systems

BATTERY POWER RIDE-ON SCRAPER

BMS-220ADB

The Blastrac BMS-220ADB ride-on scraper is ideally suited for medium and large sized applications with the added benefit of being battery operated for increased versatility. Works well on all applications such as hardwood parquet, ceramics, linoleum, vinyl, carpet, adhesives, glue, tiles, etc. It is very maneuverable with a zero turn radius, non-marking tires and complete hydraulic control.

The BMS-220ADB is perfect for floor stripping applications. With its heavy duty blade and motor, the BMS-220ADB can tackle the toughest floor coverings. In addition, with its high level of maneuverability and zero turning radius, the BMS-220ADB can easily operate in tight spaces. No electrical cords needed with this battery operated product.

The BMS-220ADB's functional, ergonomic design makes performing maintenance functions a snap and provides unparalleled operator comfort.

FEATURES AND BENEFITS:

- Fast and easy removal of all kinds of flooring materials
- Very compact, fits through standard doors and elevators
- Zero turn radius, ergonomic design for safe and easy maneuvering, non-marking high speed tires
- Very versatile, total freedom of movement, no electric cable
- Complete hydraulic control (forward and backward)
- Powered by heavy-duty batteries, running time up to 10 hours
- Very high output compared to manual material removal
- Maintenance-free hydraulic components, no belt and gear
- Standard arm rests on chair for ergonomic work position

SPECIFICATIONS:

- Working Width:** 6 - 27 in.
(152 - 690mm)
- Tool Width:** Blade Dependent
- Motor:** 4.kW - 48V DC
- Battery:** 12 - 8 volt batteries
- Max Ground Speed:** 160 ft./min
- Dimensions:**
L 59 in. x W 24 in. x H 52 in.
(1497mm x 615mm x 1326mm)
- Weight:** 2380 lbs (1080kg)

6 removable weights

Always wear appropriate eye, ear and respiratory protection for the application, as specified by OSHA regulations and your employer. Never operate or maintain equipment before reading and understanding the instructions for operation and maintenance. Obey all safety signs and instructions while operating or maintaining equipment.
